

ArcVera Renewables
Virtual Meteorological Time Series Professional
End-User License Agreement

Virtual Meteorological Time Series Professional ("VMT Pro" or "VMT") is a time series of numerical weather prediction model meteorological data provided to customers.

VMT Pro data and outputs are subject to the copyright © of ArcVera Renewables ("ArcVera"), 2023 to present.

PLEASE READ THIS END-USER LICENSE AGREEMENT CAREFULLY. ACCESSING, DOWNLOADING, OR OTHERWISE USING VMT DATA CONSTITUTES ACCEPTANCE OF THIS AGREEMENT. THIS END-USER LICENSE AGREEMENT ("AGREEMENT" OR "LICENSE AGREEMENT") FOR VMT DATA IS A LEGAL AGREEMENT BETWEEN YOU AND THE BUSINESS ENTITY THAT YOU REPRESENT (COLLECTIVELY, "YOU" OR "LICENSEE") AND V-BAR CHINOOK WIND, LLC DOING BUSINESS AS ARCOVERA RENEWABLES ("ARCOVERA" OR "LICENSOR"). BY ACCEPTING THE TERMS OF THIS LICENSE AGREEMENT, YOU WARRANT THAT YOU ARE AN AUTHORIZED AGENT OR PRINCIPAL OF THE ENTITY YOU REPRESENT AND HAVE THE CAPACITY TO ENTER INTO THIS AGREEMENT ON BEHALF OF THAT ENTITY. ARCOVERA IS WILLING TO LICENSE THE VMT DATA TO YOU ONLY UPON THE CONDITION THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THIS AGREEMENT.

IMPORTANT – READ THESE TERMS CAREFULLY BEFORE USING VMT DATA. "DATA" SHALL MEAN THE INFORMATION PROVIDED OR RELAYED TO THE LICENSEE VIA ANY METHOD, INCLUDING THE VMT APPLICATION PROGRAMMING INTERFACE (API), VIA DOWNLOAD OR ACCESS DIRECTLY VIA ARCOVERA.COM, OR OTHERWISE OBTAINED IN ANY FORM, INCLUDING PERSISTED OR STORED DATA OR COPIES THEREOF IN DIGITAL, ELECTRONIC, HARDCOPY OR OTHER FORMAT AND WHETHER IN HUMAN READABLE OR NON-READABLE FORMS.

PROTECTION OF PROPRIETARY RIGHTS

The Licensee acknowledges that pursuant to this Agreement, it obtains only the right to use the Data consistent with this Agreement and that no right, title, or interest in or to any copyrights, trademarks, or other proprietary rights relating to the Data is transferred or licensed from ArcVera to Licensee.

Licensee shall not remove, alter, cover, or disguise any acknowledgments, copyright notice, trademark, or other proprietary rights notice placed by ArcVera on the Data or any portion thereof. Licensee shall comply with directions submitted by ArcVera from time to time regarding the form and placement of proprietary rights notices on the product, or any portion thereof.

1. Disclaimer

THE DATA ARE PROVIDED ON AN "AS IS", "AS AVAILABLE" AND "WITH ALL FAULTS" BASIS. NEITHER ARCOVERA NOR ANY OF ITS OFFICIALS NOR EMPLOYEES MAKES ANY WARRANTY OF ANY KIND FOR THIS DATA, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY ARCOVERA.

The information is collected from various sources and will change over time without notice. ArcVera and its officials and employees assume no responsibility or legal liability for the accuracy, completeness, reliability, timeliness, or usefulness of any of the Data or other information provided nor do they represent that the use of any of the Data or information will not infringe privately owned rights. While ArcVera endeavors to provide a usable, complete and high-quality data stream, events can occur in the

generation of VMT Data that are beyond the control of ArcVera. For instance, the global publicly available three-dimensional re-analysis data upon which VMT relies for initial and boundary conditions could become nonfunctional or be damaged or destroyed, interrupting the availability for VMT and the concomitant generation of time series of modeled weather variables. Thus, data could be missing from VMT or in error. In such cases, ArcVera will monitor remediation efforts by data suppliers or other active parties and may take additional steps to provide supplemental data to customers. ArcVera will make the best effort to communicate relevant outages or issues it becomes aware of directly to customers.

The Data and information are not intended to constitute advice nor is it to be used as a substitute for specific advice from a licensed professional. You should not act (or refrain from acting) based upon the Data and information without independently verifying the Data and information and, as necessary, obtaining professional advice regarding your particular facts and circumstances.

2. Grant of License

ArcVera grants You a nonexclusive, non-transferable license to use the Data, within the entity You represent, and to make backup copies of the Data provided that: (i) all applicable copyright notices, and “readme” files(s) are maintained with the Data; and (ii) this License Agreement remains in full force and effect. The Data shall be used only by You, for your own personal or internal business use and not for resale, transfer or distribution.

3. Ownership

You have no ownership rights in the Data. Rather, You have a non-exclusive, non-transferable license to use the Data as long as this License Agreement remains in full force and effect. Ownership of the Data and all intellectual property rights therein, if any, shall remain at all times with ArcVera.

4. Copyright

The Data may contain material that is protected by the United States Copyright Law and by international treaty provisions. All rights not granted to You herein are expressly reserved by ArcVera. You may not remove any proprietary notice of ArcVera from any copy of the Data.

5. Permitted Uses

You may use only the Data or subset thereof for which You have paid the required fees. You may use the Data internally at the entity You represent subject to the restrictions outlined below.

You are responsible for all license fees through the subscription period plus any fees for usage exceeding the prepaid amount. For example, if 200 locations were licensed over the subscription period, but 300 were accessed using the API, You would be responsible for the fees associated with the incremental 100 locations via a true-up invoice. You are also responsible for any usage associated with your access keys or credentials beyond the dates of the subscription period.

If You or the entity You represent are engaged in the creation or modification of studies, reports or analyses performed as a paid or unpaid service for a third party, You may use the Data in the course of performing the calculations necessary for the studies, reports or analyses subject to the restrictions outlined below. However, if You intend to relay or deliver the Data in whole or in part to a third party and not maintain the Data or any subset thereof within the entity You represent, You shall contact ArcVera as outlined below to request a license transfer, which ArcVera may or may not provide at its sole discretion and subject to such transfer fees as determined by ArcVera. Upon execution of a license transfer, You shall permanently destroy any copies of the Data maintained or stored within the entity You represent.

If You or the entity You represent intend to relay or deliver the Data in whole or in part to a third party and maintain the Data or any subset thereof within the entity You represent, then the third party shall

purchase a separate license for the Data in advance of any delivery by You to the third party, however, ArcVera maintains sole discretion of purchase and license eligibility: ArcVera may choose not to license the data to the third party. This requirement extends to programs, software, or services for wind, solar, or weather variable simulation and/or for the graphical interpretation, display, visualization, or rendering of the Data.

6. Restrictions

You shall not sell, rent, lease, publish, post, license, lend, assign, timeshare, or transfer in whole or in part, or provide unlicensed third parties access to prior or present versions of the Data without the written consent of ArcVera. ArcVera shall be the sole and final arbiter on the license status of any entity or individual. No part of this restriction should be construed to disallow the creation of studies, reports, or analysis so long as the Data is not transferred in whole or in part to an unlicensed third party and so long as the other conditions in this Agreement, including the benchmarking restriction in this section, are met. However, results or analyses relayed to a third party shall not allow for the derivation or reverse engineering of the Data in whole or in part.

You shall not publish, transmit or communicate any competitive comparison, analysis or “benchmarking” of the Data without the prior written consent of ArcVera. Published or posted analysis based in whole or in part on the Data must reference ArcVera Renewables and VMT as part of the final work.

Furthermore, You shall not make use of the Data or derivatives thereof in whole or in part in internal or external processes that involve the exploration, creation or development of any products that could be considered—at the sole discretion of ArcVera—as competitive offerings to VMT or any other existing product or service licensed or sold by ArcVera.

7. Limitation of Liability

NOTWITHSTANDING ANYTHING ELSE HEREIN OR OTHERWISE, NEITHER ARCVERA NOR ANY ARCVERA SUPPLIER OR LICENSOR SHALL BE LIABLE OR OBLIGATED WITH RESPECT TO THIS AGREEMENT AND THE LICENSE GRANTED HEREUNDER OR UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHER LEGAL OR EQUITABLE THEORY (I) FOR ANY AMOUNTS IN EXCESS IN THE FEES PAID BY YOU DURING THE ONE YEAR PERIOD PRIOR TO THE DATE THE CLAIM AROSE; (II) FOR ANY COST OF PROCUREMENT OF SUBSTITUTE GOODS, TECHNOLOGY, SERVICES OR RIGHTS; (III) FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR SPECIAL DAMAGES (INCLUDING LOST PROFITS OR COST SAVINGS) EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; (IV) FOR INTERRUPTION OF USE OR LOSS OR CORRUPTION OF DATA; OR (V) FOR ANY MATTER BEYOND ITS REASONABLE CONTROL. THE PARTIES AGREE THAT THIS SECTION 7 REPRESENTS A REASONABLE ALLOCATION OF RISK AND THAT ARCVERA WOULD NOT PROCEED IN THE ABSENCE OF SUCH ALLOCATION.

This limitation applies to any claim arising under this Agreement, including, without limitation, anything related to:

- the Data and the service through which it is obtained, content on third-party Internet sites, third-party programs or third-party conduct,
- viruses or other disabling features that affect your access to or use of the Data or the service through which it is obtained,
- incompatibility between the Data and other data, services, software and hardware,
- delays or failures You may have in initiating, conducting or completing any transmissions or transactions in connection with the Data in an accurate or timely manner, and

- claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort.

It also applies even if: this remedy does not fully compensate a party for any losses, or failure of its essential purpose; or if a party knew or should have known about the possibility of the damages.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to You to the extent limited by state law.

8. Termination

This Agreement is effective until it is terminated. You may terminate this Agreement at any time by destroying or returning to ArcVera all copies of the Data in your possession or under your control, including backup and archival copies. ArcVera, upon not less than ten (10) days prior written notice to you, may terminate this Agreement for any reason, including but not limited to, your violation of any of the terms of this Agreement. Within 30 days of notification of termination, You agree to return the original Data to ArcVera and certify in writing that all known copies of the Data, including backup and archival copies, have been destroyed. All provisions relating to proprietary rights and transfer prohibitions shall survive the termination of this Agreement. If ArcVera terminates this Agreement for a reason other than your violation of the terms of this Agreement, ArcVera shall make a prorated refund of the license fee applicable to any period after termination.

9. Return and Refund Policy

As noted above, VMT Data is licensed on an "AS IS" basis. There are no refunds, returns or exchanges provided by ArcVera for Data purchases or downloads. VMT support will make reasonable efforts to troubleshoot technical problems.

10. No Waivers

No failure or delay by ArcVera in enforcing any right or remedy under this Agreement shall be construed as a waiver of any future or other exercise of such right or remedy by ArcVera.

11. Order of Precedence

Any conflict between the terms of this Agreement and any other form of agreement or terms shall be resolved in favor of the terms expressed in this Agreement.

12. Transfer and Contacting ArcVera

ArcVera may transfer this license, in whole or in part, at any time with or without notice to You. You may not transfer this license, or any part of it, or the Data or service through which it is obtained, either temporarily or permanently, to any other person or entity without the prior written consent of ArcVera.

13. Injunctive Relief.

Actual or threatened breach of certain sections of this Agreement (such as, without limitation, provisions on intellectual property, including ownership and the licensing restrictions) may cause immediate, irreparable harm that is difficult to calculate and cannot be remedied by the payment of damages alone. ArcVera shall be entitled to seek preliminary and permanent injunctive relief and other equitable relief for any such breach.

14. Feedback

Licensee hereby grants ArcVera a royalty-free, worldwide, irrevocable, perpetual license to use and incorporate into any ArcVera product or service any suggestions, recommendations, requests for enhancement or other feedback provided by Licensee and related to the Data and other products and services offered by ArcVera.

15. Licensee Data

If Licensee provides any of its own data to ArcVera ("Licensee Data") for processing, ArcVera will hold such Licensee Data in confidence and only use it to provide such processing to Licensee; provided, however, that ArcVera may keep a copy of the Licensee Data for internal record keeping and archival purposes as long as ArcVera continues to maintain the confidentiality of such Licensee Data. Licensee represents that it has the right to disclose Licensee Data to ArcVera and will indemnify ArcVera and hold it harmless from any third-party claims involving the Licensee Data.

16. General

This Agreement shall be construed, interpreted and governed by laws of the United States of America and the State of Colorado without regard to the conflicts of law provisions thereof. Licensee and ArcVera shall attempt to resolve conflicts or disputes under this Agreement in a fair and reasonable manner and agree that if a resolution cannot be made to attempt to mediate the conflict by a professional mediator. If mediation does not settle any dispute or action which arises under this Agreement or which relates in any way to this Agreement or the subject matter of this Agreement, it shall be subject to arbitration under the rules governing commercial arbitration as promulgated by the American Arbitration Association, and any award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. Any arbitration shall be held in the Denver, Colorado metropolitan area.

Any arbitration or other action hereunder will be conducted on an individual and not a class-wide basis. Any arbitration or other action between ArcVera and Licensee or any of their respective affiliates, shareholders, members, officers, directors and employees, may not be consolidated with any other action or proceeding.

This Agreement shall constitute the entire agreement between the parties hereto pertaining to the use of the Data.

In the event any of the provisions of this Agreement are held by a court or other tribunal of competent jurisdiction to be unenforceable, such provisions shall be eliminated or limited to the minimum extent necessary, so this License Agreement shall otherwise remain in full force and effect.

The Data is generated using Copernicus ERA5 data, a part of Atmosphere Monitoring service, all years to the current date. Neither the European Commission nor European Centre for Medium-Range Weather Forecasts is responsible for any use that may be made of the Copernicus information or data it contains.
